# P R E F A C E.

**T**HIS Book contains an Account of the *Valuations of all the Ecclesiastical Benefices in England and Wales*, which are now charged with the Payment of First-Fruits and Tenths, or were lately discharged from any Payment to those Revenues, on account of the Smallness of their Income; and which are for the same Reason entitled to receive the Benefit of the *Royal Bounty*, in such Proportions, and according to such Appointments, as are set forth in the excellent Rules of the Corporation founded and constituted by *Her late Majesty Queen ANNE* for that Purpose\*.

The Author (in order to render this Work more complete than any thing hitherto published relating to these Affairs) has taken a particular Care to insert the *Names of the PATRONS* of the several Benefices under their respective Churches and Chapels.

And as a farther Advantage, the Names of the *SAINTS* to whom the Churches or Chapels are dedicated, are placed immediately after the Rectories, Vicarages, &c.

As the Corporation above-mentioned, founded by the late *Queen ANNE*, under the Royal Protection and by the most Gracious Favour of *His present Majesty King GEORGE* continues to make considerable Advances in the augmenting of small Livings; so every Year will afford fresh Supplies towards the Increase of that poor Maintenance which was left to the Clergy (*in many large Cures*) before the Reformation, and has continued in the same manner ever since.

Whoever will compare the Greatness of the Duty in many *Market-Towns*, and other considerable Parishes, with the Smallness of the Recompence for performing such Duty, will, from the great Disproportion of one to the other, be easily convinced of the Necessity of establishing some Method *for the better Support of Persons officiating in such Cures*. And if it be observed that the Method made use of for redressing this Grievance, is by supplying the Wants of the poorer Clergy from a *Tax on that Part of their own Body* from whence it can best be spared, and that No Burthen is imposed on the *Laitie* for that Purpose; every Clergyman competently bene-

\* See these Rules in the *Appendix*.

fixed being a Contributor to the supplying the Wants of his Brethren, by a *twofold Tax upon his Benefice*; and that whatever farther Addition to that Charity is made, it proceeds wholly from the free Will of well-disposed Persons voluntarily contributing thereunto: These Things considered, we may reasonably hope the same Method will continue to late *Posterity*, which may look back with Pleasure on the *Present Age*, which has so peculiarly distinguished itself, in carefully supplying those Defects which were overlooked in the earlier Times of the *Reformation*, when a Design of this Nature might have been carried on with much less Difficulty, by restoring some of the *Tithes*, and other Spiritualties to those Uses for which they were originally settled on the Church; but by Popish Usurpations were first alienated from the *Secular Clergy*, and then by *Bulls* and other Devices being established for the better Support of *Romish Superstition and Monastick Luxury*, a Redress of such manifest Abuses of the *Church Revenues*, as well as a Reformation in Doctrine and Discipline became necessary: But at the Reformation, it so unhappily fell out, that these Revenues, when separated from the Abuses made of them by the *Popish Powers*, were so far from being restored to the truly useful and pious Purposes they served before, That, instead of their being applied to the Support and Encouragement of the *Parochial Clergy*, the true and proper Use that should have been made of them; They were most of them disposed of by the Powers in being, from time to time, among the Laity, and became *Temporal Qualities*, and so continue.

And what abundantly adds to the Hardship of the Case of many Incumbents of *Impropritate Cures*, is, That the discretionary Power, which before the Reformation was lodged in the Bishops, of augmenting (as they should see Occasion) the *Incomes* of *Vicars* and *Curates*; This Power (I say) which in the Popish Times, though in many Cases put in execution with very good Effect, yet (by some means or other) after the *Reformation* became of little Effect. The Lay Impropriators of many large Cures became empowered to receive and enjoy 3 or 400 *l. per Annum* in *Tithes* and other *Spiritual Revenues*, which were torn from the Clergy without any manner of Default or Forfeiture committed, or possible to be committed by them, or on their Part; and their new Proprietors have ever since contented themselves to this very Day, with paying only the poor pecuniary *Stipend* or *Pittance* that was antiently allotted to the *Vicar* or *Curate* before the *Reformation*. This makes the Case of such poor *Vicars* and *Curates* worse (now) than it was even in the Times of *Popery*, when Money was of such a Value as that 10 or 12 Pounds were reckoned a Competency equal to 90 or 100 *l.* now; and the Power of augmenting the Income of such *Vicarage* or *Curacy* out of the *Spiritual Revenues* of one Place, having been disused, that *Stipend* is now All that the poor Incumbent can legally claim<sup>b</sup>.

Besides, in many Cases, the officiating Clergy hold their Benefices upon such a precarious Tenure, that the Incumbent is obliged to be satisfied with any small Ar-

<sup>b</sup> See Bishop Kennet's Case of Impropriations 8<sup>vo</sup>, London, 1704. p. 108. where it is fully made out, that Appropriations are a greater Hardship to the Protestant, than they had been to the Popish, Clergy.

*litrary Allowance* that shall be made him by his *Impropriator*; otherwise he will displace his *poor Minister*, and put another, who will come into a more servile Compliance, in his room. In such a Case it is not hard to guess what a *poor necessitous Curate* must do, who has no other Choice but to *comply or starve*. This Grievance arises chiefly from such Places as are exempt from all Jurisdiction of the *Ordinary*, and subject only to the Visitation of the *Impropriator* or *Donor* himself. Of this sort are many Livings formerly held, and now claimed under a Title derived from the *Priory of St. John of Jerusalem*; and many others there are, that claim Exemptions of the like kind; which in some Parts of the Kingdom are so numerous, that it is needless to give Examples of them.

Can it otherwise be expected than, that (as the Case now stands) there should be diverse mean and stipendiary Preachers in many Places entertained to serve the Cures and officiate there, who depending, for their necessary Maintenance, upon the good Will and liking of their Hearers, should be under the Temptation of suiting their Doctrines and Teaching to the Humours rather than the Good of their Hearers? As it is most truly represented in the Act of Parliament 2<sup>o</sup> & 3<sup>o</sup> *Annæ*, intituled, “*An Act for making more effectual Her Majesty’s Gracious Intentions for the Augmentation of the poor Clergy*.” Can we suppose Doctrines and Instructions, though ever so faithfully delivered or zealously urged, to have their due Influence in such a Case?

But when a Man is to appear as a *Teacher and Instructor of Multitudes*, if, besides other Qualifications, he makes a suitable Figure and Appearance; if in his Habit and Mien he appears grave and decent, without the Marks of *Meanness* and *Poverty*; if he lives among his Neighbours with *Credit*, free from the Pressures of *Debts* and other manifold Misfortunes, the constant Attendants upon *Want* and *Narrowness of Circumstances*, his Admonitions will certainly have the greater Weight, his Doctrines make the deeper Impressions, and all his Labours may in a great Measure have their desired Effect. On the contrary, what Fruit is to be expected from the Labours of of a Pastor, who (we will suppose) is willing to do all the *Good* he can, is contented to drudge on with his little Allowance, in hopes of seeing some good Effect from his Labours among his *Parishioners*, but notwithstanding his best Endeavours, falls into *Contempt of the meanest of them*, which his *Poverty* alone, without any personal *Demerit* of his own to add to it, is sufficient to bring upon him? In such a Case it is no Wonder that all his Endeavours to *do Good in his Profession* are rendered *vain and ineffectual*.

Instances of this kind, are (God knows) too many in this Kingdom, no County being free from some Examples of them, and in some Countries, as *Wales, Yorkshire*, and many others, they are very numerous.

Nothing here said is intended in the least to impeach or bring into Dispute the legal Rights of any Persons possessing such *Tithes*, or other *Revenues*, that were formerly of a *spiritual Nature*, but are now, by the Laws of *This Land*, become the *Properties* of those in Possession of them: What is said concerning them, is designed to

to have no other Tendency than *truly* to state the Condition of the *poorest* Clergy, in order to abate (if possible) that *Spirit of grudging*, which is so visible in some, and to raise in others (what at present would be very seasonable) a Desire to contribute towards that *Charity*, which stood in need of a *Royal Heart* to set it on foot, and, 'tis hoped, as long as there is occasion, will never want *Royal Hands* to support it.

This (we hope) will likewise find other Helps and Encouragements from such other *pious and well-disposed Persons*, who will consider that a twofold Advantage will accrue to the Publick thereby, *viz.* The *poor* Clergy will be better maintained, and the Consequence of that must be obvious to the slightest Observer, many *great Cures* will be better supplied.

These are the good Effects that may be expected to spring from the late *Queen ANNE's Pious Benefaction*, which with the Addition of (other) *private Contributions*, may to some appear a *large Bounty*, yet considering the great Numbers of *poor Livings* that stand in Need, some of them of more than *two or three Allotments* of the *Royal Bounty* to raise them to a moderate Competency of Maintenance for the officiating Incumbents, it will be very evident, to all reasonable and considering Persons, that there will not be in a *long Series of Years* to come, any Room to resume the *publick Revenues* settled for this Purpose, or any Occasion for Measures to be taken to discourage well-disposed People from contributing to so *noble and pious* a Design.

Till a more particular and complete Account of these Affairs can be given to the Publick, it may for the present suffice to say, It will be the Work of Ages, before *All* the small Livings entitled to an Augmentation can receive *Any Benefit or Share* therefrom; and of *many Ages more*, before the Income of every Living will be so advanced, as to afford a Competency for the Minister, supposing that Competency to amount to no more than *Sixty Pounds per Annum* to each Living. However distant this Prospect may be, it will notwithstanding administer Satisfaction in proportion to the Advances that from time to time are made towards it; Of the future happy Progress of which pious and useful Charity, there is no reason to doubt from so fair and prosperous a Beginning, which has appeared in so many Instances of *Favour from the Throne*, and so much encouragement from the generous Contributions of many *Honourable and worthy Persons* that have become Benefactors to it.

It may seem to *Some*, that by reason the Corporation is *yearly employing their* Money (not yet laid out in purchases of Lands to be applied to each respective augmented Living) *at Interest* in the Funds, they by that means are perpetually increasing *their Stock*, by which Increase of *Stock*, they may in time become *too considerable*: To these Objectors by way of *Answer*, it may be proper to take Notice, that out of the *Interest* arising from their *Monies in the Funds*, there is yearly paid to each Incumbent Interest for their Augmentation-Money, which serves the *poor Clergy* for a present Support and Subsistence, till Purchases (which, by the way, are

\* It will be 500 Years before all the Livings now under 50 *l. per Annum* will be raised to 60 *l. per Annum*, supposing every Year there be the same Money distributed as has been for three or four Years last past.

very difficult to be found) can be made to answer the Sum allotted to each particular Augmentation; by which Means the *Increase of Money* supposed to be made by the *Corporation*, is yearly exhausted; so that nothing is to be feared from their growing *too Rich*, by putting their Money out to Interest; and for the Principal, that remains with the *Corporation* only, till such time as the same is applied to answer the *Augmentations*, as fast as Purchases can be found out and made.

It is noted in several Places in this Book, that the Clergy are to pay their Tenth to the Bishop of the Diocese, whereof Instances are given in the Diocese of *Canterbury*, *Chichester*, *London*, &c. Such Note is inserted, to the end that the Clergy who are possessed of Livings under that Circumstance, may not be at a loss where to pay their Tenth. And it may be of some Use likewise to inform them, that where such Livings are said to be discharged, that Discharge extends only to their *First-Fruits*, and not to the Tenth; the latter being the Estate and Property of such Bishops to whom they are payable, are expressly saved to them (*the Bishops*) by the Discharging Acts.

These Tenth became vested in such Bishops, and their Successors, in Exchange for *Manors and Lands alienated from their Bishopricks to the Crown*, wherein an Allowance of Yearly Tenth has been made a part, or the whole of the Consideration upon such Exchange: But tis well for their Lordships the Bishops, that there was an End put to such *Alienations*, it being sufficiently manifest how much to the Disadvantage of the Bishops they were made; *Manors and Lands (which have since been mightily improved)* were exchanged for perpetual stated Sums arising from Tenth, Pensions, and such like Payments from the poorer Clergy, and which are frequently lost, the legal Methods of recovering them, not being in all Cases insisted on by the Bishops (the Proprietors) out of mere Compassion to the *poor Condition of such* as are liable to pay them.

These Alienations and Exchanges prevailed from the Year 1559, when an Act was made 1 Eliz. cap. 19. intitled, "*An Act giving Authority to the Queen's Majesty, upon the Avoidance of any Archbishopsrick or Bishopsrick, to take into her Hand certain of the Temporal Possessions thereof, recompensing the same with Parsonages Improprate, or Tythes*." This Act continued in force till Anno Dom. 1603. when an Act was made (1 Jac. cap. 3.) "*Against the Diminution of the Possessions of Archbishopsricks and Bishopsricks, and avoiding of Dilapidations of the same.*" Whereby these Alienations to the Crown were restrained.

Where the *First-Fruits* of a Bishopsrick happen not to bear a just Proportion to the Tenth of the same Bishopsrick, such Disproportion has been occasioned (as is conceived) by the like Exchange of *Lands for Tenth*, when a Part, or all of the Bishops Tenth were thrown in to make up a Deficiency of the Recompence he was to receive in lieu of his *Manors or Lands*, which could not be so conveniently adjusted any other way; the *First-Fruits* being only accidental, and not certain Yearly Pay-

<sup>d</sup> Which Act of Parliament, Bishop Gibson tells us in his *Codex*, p. 676, was never printed in any Edition of the *Statutes*, but is inserted in his Book, out of the Records of Parliament.

ment, suffered no Alteration by such Exchange, but were continued on the same Foot as before.

In like manner, where the Deanry and Prebendaries of some Cathedral Churches are not charged at all to the Payment of the *First-Fruits* or *Tithes*, either the Crown has Lands, or in some Cases, a stated Sum, or annual Rent, in lieu of those Payments, as, by the Charters of the new-erected Foundations, it does at large appear.

Thus much it seemed proper should be mentioned in relation to these *Exchanges*, in order to account for some seeming Inconsistencies in this Book, and to clear up some things which would otherwise appear Difficulties to those who are altogether unacquainted with such Proceedings; and which, if not set in *proper Light*, might in process of time be liable to greater Uncertainty and Obscurity, to the *Perplexity* at least, if not the *Injury* also, of some nearly concerned therein.

In settling and ascertaining the true Names of Places, regard has been had chiefly to the Manner *Now most* used, but there may be good Reasons given why in many Instances both the *Ancient* and *Modern* way of writing them are retained.

And to guard against Errors of every kind as much as possible, several of the Right Reverend the Bishops have either corrected the Copy which related to their respective Dioceses, before it went to the Press, or inspected the Sheets as they went through it.

The *Appendix* contains Directions and Precedents relating to *Presentation*, *Institution*, *Induction*, *Dispensations*, &c. and some other Matters are added, with proper References to the Authorities from whence they are taken; which it is conceived may be of very good Use. These Things may serve to lead the *Younger Clergy* through that Part of *Knowledge necessary for them*, which at their first setting out must appear very intricate and difficult, as they lie scattered and dispersed in divers *Acts of Parliament and Canons*, &c. intermixed with Mattes of a quite different Nature, and which in some Instances have been rendered more intricate and obscure, through the want of Care or Judgment of *Some*, who have unsuccessfully laboured to render them more *plain* and clear.

<sup>k</sup> Shelly, in the Vellum Book in Offic. Primitiar. is called a Chapel, and the Chapel of Crawley is there joined to it, and rated with it; And there is also a Chapel of Crawley annexed to the Rectory of Slaugbam, which makes it doubtful to which Benefice the Chapel of Crawley belongs; there being, as it is said, but one Chapel of that Name.

*Chesterton.* Possibly the Alienation of Tythes from this Parochial Church might occasion one of the first Vicarages in England, if we believe the Report of common Lawyers; for Mr. Noy, urging the Antiquity of Vicarages in this Kingdom, that they were before the Time of K. John, says, "That in Oxfordshire there were four Vicarages before his Reign." *Bishop Kennet's Par. Antiq. p. 91.*

<sup>t</sup> Collingborne Dukes R. This was formerly Parcel of the Duchy of Lancaster, and therefore called Collingborne Dukes, but was granted by King Henry VIII. to Edward Earl of Hertford, afterwards Duke of Somerset, and Protector of England. Upon his Attainder it was forfeited to the Crown, and afterwards regranted by Queen Elizabeth to Edward Earl of Hertford; from whom it is descended to the Right Honourable Charles Lord Bruce, Baron of Woburn, who by his Lordship's Mother Elizabeth Countess of Aylesbury, inherits all the Lands of the late Duke of Somerset. Letter from Lord Bruce to Dr. Asby, December 13, 1725. See p. 406.

<sup>n</sup> *Holme R. is an Impropriation in St. John's College, Cambridge; the said College presents to the Vicarage thereof, and lets out the Rectory to the Vicar by Lease for his Life, at a Pepper-corn yearly Rent, if demanded. This Rectory, and the Vicarage thereof, have not paid any Tenths for many Years, but how they are discharged from Payment of the same does not appear. It is supposed they are discharged by some Grant from the Crown for that Purpose.*

\* *Carlile* or *Carlisle*. Some have affirmed, that the Right Honourable Person who had the Title of Earl from it *Anno Dom.* 1661, was the first that inserted the Letter (S) into the Word *Carlisle*, thereby to strengthen the Pronunciation, and make it sound better; but this must be a Mistake, for there are several Attestations mentioned in our Histories, *temp. Hen. VIII.* from authentic Copies where it is so writ—Dr. Todd.—But Note, that the late Bishop, Dr. Bradford, wrote it *Carlile*, and not *Carlisle*.

<sup>k</sup> Nichol-Forest was valued in the King's Books at 2 l. and annexed to Kirk-Andres (super Eske, as supposed) by Letters Patent dated 11<sup>th</sup> Maii, 7<sup>th</sup> Caroli. The two Livings of Kirk-Andres above-mentioned not being distinguished in the King's Books, and but one of them ever in Charge in the said Books, it is difficult to know which of them that Charge belongs to: Kirk-Andres super Eske is supposed to be taken out of the Parish of Arthuret above 70 or 80 Years ago.

## N<sup>o</sup> I.

*The Archbishop of CANTERBURY's Directions to the Bishops of his Province, Anno 1737. concerning Orders and Curates.*

I. **T**HAT you require of every Person, who desires to be admitted to Holy Orders, that he signify to you his Name, and Place of Abode, and transmit to you his Testimonial, and a Certificate of his Age duly attested, with the Title upon which he is to be Ordained, at least Twenty Days before the Time of Ordination; and that he appear on *Wednesday*, or at farthest on *Thursday*, in *Ember-Week*, in order to his Examination.

II. That if you shall reject any Person who applies for Holy Orders, upon the Account of Immorality proved against him, you signify the Name of the Person so rejected, with the Reason of your rejecting him, to me, within one Month; that so I may acquaint the rest of my Suffragans with the Case of such rejected Person before the next Ordination.

III. That you admit not any Person to Holy Orders, who, having resided any considerable Time out of the University, does not send to you, with his Testimonial, a Certificate signed by the Minister, and other credible Inhabitants of the Parish, where he so resided, expressing, that Notice was given in the Church, in time of Divine Service, on some *Sunday*, at least a Month before the Day of Ordination, of his Intention to offer himself to you to be ordained at such a Time; to the End that any Person, who knows any Impediment, or Notable Crime, for the which he ought not to be ordained, may have Opportunity to make his Objections against him; and that upon such Notice given, no such Objections have come to their Knowledge.

IV. That you admit no Letters Testimonial, on any Occasion whatsoever, unless it be therein expressed, for what particular End and Design such Letters are granted; nor unless it be declared by those, who shall sign them, that they have personally known the Life and Behaviour of the Person for the Time by them certified; and do believe in their Conscience, that he is qualified for that Order, Office, or Employment, to which he desires to be admitted.

V. That in all Testimonials sent from any College or Hall, in either of the Universities, ye expect that they be signed, as well as sealed; and that among the Persons signing, the Governor of such College or Hall, or in his Absence, the next Person under such Governor, with the Dean, or Reader of Divinity, and the Tutor of the Person to whom the Testimonial is granted (such Tutor being in the College, and such Person being under the Degree of Master of Arts) do subscribe their Names.

VI. That

VI. That you admit not any Person to Holy Orders upon Letters Dimissory, unless they are granted by the Bishop himself, or Guardian of the Spiritualities *Sede vacante*; nor unless it be expressed in such Letters, that he who grants them, has fully satisfied himself of the Title, and Conversation of the Person to whom the Letter is granted.

VII. That you make diligent Enquiry concerning Curates in your Diocese, and proceed to Ecclesiastical Censures against those, who shall presume to serve Cures, without being first duly licensed thereunto; and also against all such Incumbents who shall receive and employ them, without first obtaining such Licence.

VIII. That you do not by any means admit of any Minister, who removes from another Diocese, to serve as a Curate in yours, without the Testimony in Writing of the Bishop of that Diocese, or Ordinary of the peculiar Jurisdiction, from whence he comes, of his good Life, Ability, and Conformity to the Ecclesiastical Laws of the Church of England.

IX. That you do not allow any Minister to serve more than one Church, or Chapel, in one Day, except that Chapel be a Member of the said Parish Church, or united thereunto; and unless the said Church, or Chapel, where such Minister shall serve in two Places, be not able in your Judgment to maintain a Curate.

X. That in the Instrument of Licence granted to any Curate, you appoint him, what shall appear to you, upon due Consideration of the Duty to be performed by him, the Value of the Benefice, and the other Circumstances of the Case, a sufficient Salary according to the Power vested in you by the Laws of the Church, and the particular Direction of the Act of Parliament for the better Maintenance of Curates.

XI. That you take Care, as much as is possible, that whosoever is admitted to serve any Cure, do reside in the Parish where he is to serve; especially in Livings that are able to support a Resident Curate: And where that cannot be done, that he do at least reside so near to the Place, that he may conveniently perform all the Duties both in the Church and Parish.

XII. I have only this farther now to recommend, That your Clergy be required to wear their proper Habits, agreeable to the Canons.

## N<sup>o</sup> II.

And immediately after reading the same, the said A. B. did openly and publickly, before the Congregation there assembled, declare his unfeigned Assent and Consent to all things therein contained and prescribed; in these Words following. viz. "I A. B. do hereby declare my unfeigned Assent and Consent to all and every thing contained and prescribed in and by the Book, intituled, [The Book of Common Prayer, and Administration of the Sacraments, and other Rites and Ceremonies of the Church, according to the Use of the Church of England, together with the Psalter or Psalms of David, pointed as they are to be sung or said in Churches; and the Form and Manner of making, ordaining and consecrating of Bishops, Priests, and Deacons.]" Also that he did publickly and openly, on the Day and Year aforesaid<sup>b</sup>, in the Time of Divine Service, read a Certificate under the Hand and Seal of the Right Reverend Father in God, BENJAMIN, Lord Bishop of Winton, in the following Words [*the Certificate verbatim*] and immediately after reading thereof, did in the same Place, the Congregation then present, read this Declaration following: Viz. "I do declare that I will conform to the Liturgy of the Church of England as it is now by Law established." And that on the Day and Year aforesaid, the said A. B. did read the Articles of Religion, commonly called the Thirty-nine Articles, agreed upon in Convocation in the Year 1562, in the Parish Church aforesaid, in the Time of Divine Service there, and did declare his unfeigned Assent and Consent thereto: And these Things we promise to testify on our corporal Oaths, if at any Time we should be duly called thereto. In Witness, &c.

### *A Resignation before a Publick Notary.*

**I**N the Name of God, Amen, before you a Notary Publick, and credible Witnesses here present, I Vicar of the Parish Church of  
the County of and Diocese of for certain just and lawful  
Causes me hereunto especially moving, without Compulsion, Fraud or Deceit, do purely, simply, and absolutely resign and give up my said Vicarage and Parish Church, with all their Rights, Members, and Appurtenances, into the sacred Hands of the Right Reverend Father in God by Divine Permission Lord Bishop of  
or of any other whomsoever, that hath, or shall have Power to admit this my Resignation; and I totally renounce my Right, Title and Possession, in and to the same Vicarage and Parish Church, with all their Rights, Members and Appurtenances heretofore had, and hitherto belonging to me, I quit them, and expressly recede from them by these Presents: AND that this my Resignation may have its full Effect, I do hereby nominate and appoint my beloved in Christ and  
jointly and severally my Proctors or Substitutes to exhibit this my Resignation to the said Reverend Father, and in my Name to pray that his Lordship would graciously vouchsafe to accept thereof, and to pronounce and declare the Vicarage of afore-

### *Resignation to a Bishop.*

**I**N the Name of God Amen, Before you the Right Reverend Father in God R. by Divine Permission Lord Bishop of P. and credible Witnesses here present, I T. D. Vicar of L. in the County of N. and in your Lordship's Diocese and Jurisdiction of P. for certain just and lawful Causes me hereunto especially moving, without Compulsion, Fraud or Deceit, do purely, simply, and absolutely resign and give up my said Vicarage and Parish Church of L. with all their Rights, Members and Appurtenances, into your Lordship's sacred Hands, with all my Right, Title and Possession of, in, and to the same; I quit them, and expressly recede from them by these Presents, humbly praying, that your Lordship would be graciously pleased to accept this my Resignation, and to pronounce and declare the Vicarage of L. aforesaid void, and to be void of my Person to all Intents of Law that may follow thereupon, and to decree that an Intimation of the said Avoidance may be issued to the Patron thereof. In Witness, &c.

*c* If it be a Resignation upon a Permutation:

Being desirous to exchange my said Vicarage and Parish Church for the Rectory of M. in the County of D. and Diocese of E.

It is to be observed, that a Resignation is to be made to the Bishop or Ordinary, and not to the Patron, except the Church or Chapel be a Donative exempt, in which Case it is to be made to the Patron, in the Presence of a Notary Publick, and two credible Witnesses. And in Cases of Exchange, or Permutation of Benefices, on account of Health, or other Conveniences, which the Law allows, it seems to be the most adviseable for the Parties to resign before a Notary, that their respective Resignations may be interposed before either of the Livings is declared void by the Ordinary; because it may be doubted whether a conditional Resignation be valid or not, if the Words *purely, simply, and absolutely* be omitted; for by the Statute of the 31st of Q. Eliz. C. vi. § 8. all corrupt Resignations are strictly prohibited in the following Words: "That if any Incumbent of any Benefice with Cure of Souls, after the end of the said Forty Days, do, or shall corruptly resign or exchange the same, or corruptly take for, or in respect of, the resigning or exchanging of the same, directly or indirectly, any Pension, Sum of Money, or Benefit whatsoever; That then as well the Giver as the Taker of any such Pension, Sum of Money, or other Benefit corruptly, shall lose double the Value of the Sum so given, taken or had; the one Moiety, as well thereof, as of the Forfeiture of double Value of one Year's Profit beforementioned, to be to the Queen's Majesty, her Heirs and Successors, and the other Moiety to him or them that will sue for the same, by Action of Debt, Bill, or Information, in any of her Majesty's Courts of Record, in which no Effoin, Protection, or Wager of Law or Privilege, shall be admitted or allowed."

*Form of Nomination to an augmented Chapelry or Curacy.*

To the Right Reverend Father in God, THOMAS Lord Bishop of *Ely*, the Dean and Chapter of the Cathedral Church of *Ely*, send Greeting.

**W**Hereas the Curacy of the Chapel of *Chettisham* in the Parish of the *Holy Trinity* in *Ely*, in the City and Diocese of *Ely*, is augmented, or shortly intended to be augmented, by the Governours of the Bounty of Queen *Anne*, for the Augmentation of the Maintenance of the poor Clergy; by reason whereof it is requisite that a Curate should be duly nominated and licensed to serve the said Cure, pursuant to an Act of Parliament in that Case made and provided: Now We the said Dean and Chapter do hereby nominate *Thomas Martyn* Clerk (the Person employed by Us in serving the said Cure) to be Curate of the said Chapel of *Chettisham*; and We do humbly pray your Lordship to grant him your Licence to serve the said Cure, and to perform all divine Offices therein accordingly. In Witness, &c.

*The Form of Donation or Nomination to a Church or Chapel, that is Donative and exempt from Episcopal Jurisdiction.*

Lord of the Manor of *E.* in the County aforesaid, Greeting: Whereas the Church or Chapel of *F.* in the County of \_\_\_\_\_ is now void by the natural Death of *G. H.* the last Incumbent there, and doth of right belong to my Gift or Donation: Know ye that I the said *A. B.* have not only given and granted the said Church or Chapel of *F.* with all its Rights and Appurtenances, unto my beloved in Christ *J. K.* Clerk, *M. A.* of whose Probity and Learning I am well satisfied, but also by Virtue

of these Presents, do induct him the said J. K. into the corporal Possession of the said Church or Chapel, with its Rights and Appurtenances as aforesaid. In Witness, &c.  
 N. B. That the Clerk in this Case is to subscribe and take the Oaths before his Patron.

*Another Form of Donation to a Chapel.*

**T**O the Right Reverend Father in God, BENJAMIN, Lord Bishop of *Winchester*; A. B. of, &c. sendeth Greeting. Whereas the free Chapel (the Donative or Curacy) of B. in the County of *Surry* and Diocese of *Winchester*, is now void by the Death of T. S. the Last Incumbent there, and doth of Right belong to my Gift or Donation: These are humbly to certify your Lordship, that I do nominate *John Smith*, A. M. to be Curate of the said free Chapel of B. humbly beseeching your Lordship to grant him your Licence for serving the said Cure. In Witness whereof, &c.

*By an Act of Parliament, 12 Annæ, Cap. 14.*

**I**T is enacted, That when a Presentation shall be brought to any Bishop, &c. he is required to examine the Person presented, on Oath, before he give him Institution, whether, to the best and utmost of his Knowledge or Belief, the Person or Persons who made such Presentation be the true and real Patron or Patrons of the said Benefice or Ecclesiastical Living, or made the said Presentation in his, her, or their own Right, or whether such Person or Persons so presenting be not mediately or immediately, directly or indirectly, Trustee or Trustees, or any way interested for some other; and what Person or Persons

And if such Person or Persons, so presented, shall refuse to be so examined, or shall not answer directly thereto, then, and in every such Case, such Presentation shall be void.

I. **T**HAT the Augmentations to be made by the said Corporation, shall be by the way of Purchase, and not by the way of Pension.

IV. That in order to encourage Benefactions from others, and thereby the sooner to compleat the Good that was intended by our Bounty, the Governours may give the said Sum of 200 *l.* to Cures not exceeding 50 *l. per Annum*<sup>f</sup> where any Persons will give the same, or greater Sum, or Value in Lands or Tythes.

V. That the Governours shall every Year, between *Christmas* and *Easter*, cause the Account of what Money they have to distribute that Year to be audited; and when they know the Sum, publick Notice shall be given in the *Gazette*, or such other Way as shall be judged proper, that they have such a Sum to distribute in so many Shares; and that they will be ready to apply those Shares to such Cures as want the same, and are by the Rules of the Corporation qualified to receive them, where any Persons will add the like or greater Sum to it, or the Value in Lands or Tythes, for any such particular Cure.

VI. That if several Benefactors offer themselves, the Governours shall first comply with those that offer most.

VII. Where the Sums offered by other Benefactors are equal, the Governours shall always prefer the poorer Living.

VIII. Where the Cures to be augmented are of equal Value, and the Benefactions offered by others are equal, there THEY shall be preferred that first offer.

IX. Provided nevertheless, that the Preference shall be so far given to Cures not exceeding 10 *l. per Annum*, that the Governours shall not apply above <sup>g</sup> two third Parts of the Money they have to distribute that Year, to Cures exceeding that Value.

XII. When all the Cures not exceeding 10*l.* per Annum shall be so augmented, the Governours shall then proceed to augment those of greater Value, according to such Rules as shall at any time hereafter be proposed by them, and approved of by Us, our Heirs or Successors, under our or their Great Seal.

XIII. That all charitable Gifts, in real or personal Estates, made to the Corporation, shall be strictly applied, according to the particular Direction of the Donor or Donors thereof, where the Donor shall give particular Direction for the Disposition thereof: And where the Gift shall be generally to the Corporation, without any such particular Direction, the same shall be applied as the rest of the Fund or Stock of the Corporation is to be applied.

XIV. That a Book shall be kept, wherein shall be entered all the Subscriptions, Contributions, Gifts, Devises or Appointments, made or given, of any Monies, or of any real or personal Estate whatsoever, to the Charity mentioned in the Charter, and the Names of the Donors thereof, with the Particulars of the Matters so given; the same Book to be kept by the Secretary of the Corporation.

XV. That a Memorial of the Benefactions and Augmentations made to each Cure, shall, at the Charge of the Corporation, be set up in Writing on a Stoe, to be fixed in the Church of the Cure so to be encreased, there to remain in perpetual Memory thereof.

XVI. When the Treasurer shall have received any Sum of Money for the Use of the Corporation, he shall, at the next General Court to be holden after such Receipt, lay an Account thereof before the Governours, who may order and direct the same to be placed out for the Improvement thereof, upon some public Fund or other Security, till they have an Opportunity of laying it out in proper Purchases for the Augmentation of Cures.

XVIII. The Persons whose Cures shall be augmented, shall pay no Manner of Fee or Gratification to any of the Officers or Servants of this Corporation.

*Note, If a Living of small Value be augmented either by Lot, or by way of private Benefaction, as above, which Living by such Augmentation is not advanced so, as to be of the clear yearly Value of 50*l.* or upwards; the same Living is capable of a second Augmentation, if 200*l.* more be offered the next Year after such Augmentation, provided the Living, after such additional Augmentation, do not exceed in yearly Value Fifty Pounds.*

*Directions to such as shall desire to become Contributors to the  
Augmentation of small Livings.*
